VARIANCES:

**Drop Tine Construction/Drop Tine Construction
Tract 5, Block 8, Lot 16**

A height variance of 35' in a tract that has a 30' requirement for a single family residence with a walkout basement at 1186 S Mountainside Court. Dustin with Drop Tine Construction was present to represent the property. Motion was made by Member Cordova-Catalano to approve the variance for a 35' height from lowest exposed ground to highest peak provided the residence is constructed within one year from the date of approval of February 8, 2018 or the variance will be considered null and void. The motion was given a second by Member Lowe. The motion carried.

A second variance for the front set back was discussed as well. The front yard setback variance for 15' had been mailed out in December and had not received any negative responses from neighboring property owners. The variance was pulled prior to the meeting to allow the owner to redesign the residence to try to fit the lot, being a challenging property to build on. The variance for height was submitted without a variance for the front setback, however, in the case that the front setback variance is needed during construction, the property owner requests that the Committee consider a front setback as well. Motion was made by Member Cordova-Catalano to approve the front setback if needed, provided the property owner submit a revised plot plan if the setback variance is required. The motion was given a second by Member Lowe. The motion carried.

A single family home to be constructed at 1186 S Mountainside Court. Motion was made by Member Maggard to approve the plans as submitted provided 1, 2, 8, and 9 on the attached motion sheet are applied. The motion was given a second by Member Lowe. The motion carried.

Evans

Tract 314, Block 5, Lot 19

A request for variance to allow ground mounted solar panels that have been constructed with a height of 9' at 2096 W. Woodstock Court. Resolution #2007-1 has a height restriction for ground mounted solar panels of 6'. The panels were approved by the Committee but were not constructed in accordance with the approval or the resolution. Brandon with Photon Brothers and Mr. and Mrs. Evans were present to represent the property. Following discussion about fencing to be used for screening or plant material, motion was made by Member Shelman to approve the ground mounted solar panels with a 9' height provided they are screened within 6 months, August 30, 2018 with plant material or fencing approved by the Committee of Architecture. The motion was given a second by Member Cordova-Catalano. The motion carried.
